Date: April 2023 - June 2023

eSecurity System
Technologies: ReactJs, MySQL, Spring Boot, Git, Trello, MS Azure
Date: January 2023 - March 2023

Fintech Accounts and Transaction Management System
Technologies: Angular 19, JavaScript, React,SpringBoot
Date: January 2025 - February 2025

Loan Management System
Technologies: Angular 19, JavaScript, React, SpringBoot
Date: February 2025 - March2025

Volunteering

2023

ThisIT - Maseno

I volunteered with thisIT, a charitable organization supporting underprivileged individuals. I participated in visits to Maseno School for the Deaf, providing essential aid to needy pupils in several schools. Collaborating with fellow volunteers, I distributed supplies, offered educational assistance, and organized activities to foster a positive learning environment. This experience deepened my understanding of social challenges and reinforced my commitment to making a meaningful difference.
